

## LODGE NOTES

Lovely Co., No. 34, Uniform Rank, and the Pythian Sisters, Knights of Pythias, will make their annual visit to the Pythian Orphans' Home, at Lexington, on Sunday, September 15, to spend the day with the children. All members and friends of the order are invited to make the trip and spend a most enjoyable day. An appropriate program has been arranged for the outing.

At the recent meeting of Shawhan Chapter, No. 15 Order of Eastern Star, of Millersburg, the following officers, to serve for the ensuing term, were elected:

## PARIS WOMAN INJURED

Miss Mary E. Forman, superintendent of nurses at the Massie Memorial Hospital, in Paris, is a patient in the Louisville City Hospital, as the result of an accident, in which she was injured.

Miss Forman, accompanied by Miss Nannie Bryant, a nurse, was motoring to Louisville, to spend her vacation. At a point near Frankfort she lost control of the car, which skidded to the side of the road and overturned, pinning both occupants beneath it.

Passersby extricated the two women from the overturned car and took them to the Louisville City Hospital, where Miss Forman had been a nurse for several years. An examination showed that Miss Forman had sustained a fracture of the collar bone and several severe bruises. Miss Bryant escaped with jury, but suffered from nervous shock.

## ALVERSON'S HARLAN VENTURE A BOOMERANG

(Stanford Interior-Journal)

When Jesse M. Alverson was working in this office he enjoyed telling about Joe Bosworth leaving Lexington a Democrat and arriving at Middlesboro, which was to be his home, a red-hot Republican. "Kind of changing his politics to suit the occasion," he would say. Now Jesse has gone and done the identical thing. Here and in Bourbon county he was a rip-snorting Democrat; now that he has located in Harlan county, where all is Republican, he joins the crowd. His apology for so doing is worse, almost, than the offense. We thought better of him. Peace to his ashes.

## SWALLOWED SAFETY PIN

(Mt. Olivet Democrat)

The little son of Mr. and Mrs. Will Overby, of Paris, swallowed a safety pin one day last week, which lodged in the throat, but finally worked its way into the stomach and was removed without causing any serious results. The little fellow was here with his parents, attending the camp meeting, and was as happy as a lark.

## Merely an Opinion.

A controversy has been raised over the question whether "the first hundred years are the longest" or "the first hundred years are the hardest." We hazard the opinion that the first hundred years are the most plausible.

What has become of the old-fashioned man who used to use nails for buttons on his pants?

## SENTENCED TO ATTEND CHURCH EVERY SUNDAY

Samuel Newkirk, 14, was paroled by Judge R. S. Scobee, at Winchester. Newkirk was charged with forging a check on T. F. VanMeter for \$10.50, and cashed it at Henry's Cash Store. When brought before Judge Scobee the youth protested his innocence. Young Newkirk was paroled by Judge Scobee on condition that he attend Sunday School and church every Sunday and report on Monday to the Judge with proof that he had attended.

If this speed mania keeps on, they will have to patrol the highways with hearses.

## YOUR HEALTH and CHIROPRACTIC

This has been called "The Tragedy of Progress." A business man or a business woman in this Twentieth century must do one of these two things, i. e., "Make Good" or "Make Room" for someone else. There is no happy medium.

To make good in your business ventures, in the service you render your employer, in your home life, and among your neighbors—YOU MUST BE HEALTHY.

To be Healthy, you MUST POSSESS A NORMAL SPINE.

All medical men who are liberal minded and not prejudiced, all scientists and, above all, all people possessing common sense now admit that the spine is the keystone of the human body; that if it is out of alignment (in other words out of line), there is bound to be a pinching of the nerves which will prevent the vital force from flowing uninterruptedly to the various organs. The result is so-called disease of those organs which are not receiving their proper quota of life force.

The competent chiropractic is a spine specialist. He palpates the spine carefully and ascertains exactly where the vertebrae (small bones) are out of line (subluxated). Using his bare hands alone he by means of Chiropractic Vertebral Adjustments, puts these vertebrae back in line. The nerve pressure is thus relieved, the life force flows freely to the organs involved and HEALTH IS THE RESULT.

If You are ailing in any way and wish further information regarding the Modern Method of Doctoring, and how it is applicable to your case, consult your home Chiropractor.
